## **Corp of Engineers Flood Repair Projects** **Immediate and Future Work**

Dear AGC Members,

The Midwest chapters of AGC were recently contacted by the Corps of Engineers Omaha District (COE) asking us to spread the word about possible flood repair/disaster recovery work needed in affected areas. A webinar was held earlier this week that provided AGC with some preliminary information. Slides from the webinar are [\*\*available here\*\*](#).

**US Army Corps  
of Engineers**®  
Omaha District

If your company is interested in *immediately* getting involved in the COE's emergency response efforts please contact [Brendan Kight, COE Area Engineer](#).

Additionally, AGC is compiling a list of contractor members interested in being involved in *future* flood repair/disaster recovery work. If you'd like to be added to the list and invited to attend a second COE webinar in April with more information, please contact [Toby Crow!](#)

Thank you!
