

STATEMENTS OF QUALIFICATIONS - VARIOUS ENGINEERING AND RELATED SERVICES

The South Dakota Department of Transportation (SDDOT) is soliciting requests for and statements of qualifications from consulting firms for both State and Local Government projects. The purpose is to select a list of consultants in each category of work for which the SDDOT will enter into a Pre-Qualified Consultant Retainer Agreement for the years of 2020 - 2022. The Retainer Agreements are an indefinite-quantity contract.

Any work orders issued during the term of these Agreements and not completed within that period will be completed within the time specified in the work orders. The SDDOT will determine the number of firms selected in each category of work based on the anticipated workload and the qualifications of the firms submitting Standard Form 925. The SDDOT is adding a new category of "Transportation Planning (Local)" and anticipates 12 firms may be accepted for this new category.
