HAZWOPER
HazMat
Technician**

Transportation & Industrial Services, Inc. is offering an OSHA 40 Hour HAZWOPER Hazardous Materials Technician course. The class will run four days and the schedule will be 10 hours per day. This course will meet all 29CFR1910.120 requirements and will consist of 50% classroom instruction and 50% hands-on practical application. The course participants will be required to complete several written exams, paperwork exercises, and skills evaluations. A certificate of completion will be issued to each student who successfully completes the class.
